About APL

Overview:

Aurobindo Premier League (APL) is an Inter College Short pitch Cricket tournament which was organized with the combined efforts of the students, studying across different verticals of BBA, B Com and BCA at Sri Aurobindo College. APL gave the students a platform to explore different areas of management and to enhance their abilities & skillset by ideating, planning and executing the event successfully.

APL is now a milestone for all the students of our college to get inspired for any future endeavors in managing any events systematically.

Pre-event promotion

Trophy Unveiling ceremony:

As part of the event promotion, we had organized an unveiling ceremony of the trophies on 27th of December 2022. The participant teams from other colleges were invited to join us and the honors of unveiling was done by our beloved Principal Dr. Smt. Sailaja M and our honorable member of the management, RES, Treasurer, Sri. Gururaj Deshpande.

All guidelines related to the event along with entry passes were given to the participant of different teams. Refreshments were also arranged.

There was a dance performance by the students in order to motivate the participants.

SPONSORS

Sponsors play a vital role in all these kinds of events. Sponsorships is a two-way handshake. You give something and you get something. Any company can be your biggest sponsor if they feel it can help them reach/advertise their product or service to their target audience by associating with us and our events. Our job is to make them feel like they have the right target audience at our event. Pitch your event AND the value addition that your fest offers to your target sponsors. An event sponsor is a company that supports an event by providing funds in exchange for something of value. Event sponsorships can include in-kind contributions (e.g., providing a venue, food, or raffle prizes), media sponsorships, and promotional partnerships.

Importance

Sponsorship is important to the success of our event in countless ways. Yes, there is the financial backing aspect, but a sponsor also allows us to target bigger, more convenient locations for our event. We can then bring in a larger audience full of potential customers.

Also, with more cash flow for our event, you can afford immersive experiences that grab attention, make memories, and add value. We can also introduce more convenience, making the entire experience one your audience cannot wait to do again.

We organised a team of 18 Student volunteers and approached a total of 56 Companies/Brands identifying them as potential Sponsors for APL. Below mentioned is the list of companies.

- Nestea

Marketing

Marketing is the activity, set of institutions, and processes for creating, communicating, delivering, and exchanging offerings that have value for customers, clients, partners, and society at large.

Importance

Marketing is a very important aspect in the events since it contributes greatly to the success of the events. Marketing considerations are the most critical factors in event planning and decision making.

Marketing is helpful in reaching out to participants and target audience at any required scale.

SPECIAL THANKS TO....

On behalf of all our fellow students, we express our gratitude by thanking all our Honorable Management Members of RES and our beloved principal Dr. Smt. Sailaja M for giving us a platform to explore new possibilities and enhancing our skillsets by providing an opportunity to organize the very edition of Aurobindo Premier League (inter-college short-pitch cricket tournament).

We would like to extend our special thanks to our Mentors and Well-wishers, Sri. Arvind Siddaiah and Sri. Akhilesh, for guiding and supporting us throughout the event from planning till the execution and to the preparation of the event report. Without your guidance, assistance and support, we students would not be able to achieve this success. Our deepest thanks to you for encouraging students to take initiative and conduct the first inter-college short pitch cricket tournament. We are always grateful for your time and patience.

Last but not the least, we also thank to the core team for organizing, allocating and managing the event with others co-members. We appreciate all the volunteers for working hard and dedicating your time for the event. We hope to continue working like this and organize more such events in the future for the betterment and upliftment of our students, and look forward for your presence. We feel enlightened by learning new things through this event. We are unable to describe how much knowledge we could derive from this event and the important networks we could create with other colleges.
